AP U.S. History Summer Packet 2019-2020

1. Read chapter 1 in the American Pageant and complete the study guide for the chapter. Study guides can be accessed at <http://jstedman.tripod.com/APUS/index.html> under the link for 1st quarter assignments.

Study guide vocabulary is completed by studying, through three different activities, the definitions posted in the Quizlet class database located at: <https://quizlet.com/class/6905185/>. To access the class site, you will need to create an account and join the class. **You must use a user name that I will recognize!** There will be quiz on this chapter on the first day of class.

2. Read [The First Americans](#) (all 6 links) at Digital History (Mintz and McNeil, 2013). Use this information to gather basic facts about the pre-Columbian tribes of North America.

Create a pictorial, annotated map that illustrates the differences between the major tribes of the northwest, southwest, southeast, Eastern Woodlands, and Mississippian regions. For each region, an illustration / description of all of the following should be included: societal structure, economic / agricultural systems, political system, structures that represent innovative technology, and religious beliefs.

You will need to conduct additional research to complete this map; use the information from the Digital History chapter to guide you in your research as you seek to more fully understand these pre-Columbian societies. Research resources must come from reliable sources (please [e-mail me](#) if you have questions regarding the reliability of a source; Wikipedia is off limits) and must include a work cited sheet in [APA format](#).
